What Our Clients Say...

“We made it safely on Tuesday afternoon. Thanks for all your help and a very accurate forecast. The best forecast I've ever received in 25 years. I will recommend your service to all my friends!”

“Your forecasts are always spot on...Your service is exceptional.”

“We called you [FleetWeather] in the middle of the night. The phone was answered immediately and you had a solution for us within minutes..Thanks for getting us out of that mess! We owe our lives to you!”

“Your experience with yachts is obvious each and every time I use FleetWeather!”

“We couldn't have done it without you!”

Our Commitment to Excellence

FleetWeather Ocean Services represents a new generation of global weather forecasting and routing services for yachts of all sizes. Featuring leading edge technology, products and services designed specifically for the needs of modern yacht captains and owners, FleetWeather provides a fresh and unique approach to help keep your vessel safe and secure and to save considerable time, money and fuel on every voyage. Our “niche” business model offers a mix of today’s leading marine weather technology coupled with personal, live and customizable service at all times (24/7/365).

ACCURATE FORECASTS

PROMPT ATTENTION

LIVE SERVICE - 24/7/365

Find out why our clients consistently rate us #1 for Accuracy, Service and Attention! Let us customize a program for your exact needs. Our services can be utilized for simple one day excursions or lengthy transoceanic voyages. Our services scale from the individual yacht to yacht fleets whether owned or managed. Our goal is always to provide you with the highest quality weather decision assistance with a process that is simple, personalized and customized to your exact needs. Our services can be utilized ‘a la carte’ or you can subscribe to one of our many frequent user packages. We can assist you with route planning and advice before or during your voyage and can help maintain your safe record by providing you with advance notice of large storm systems or tropical entities that may threaten your route or jeopardize your safety! Our team is always available 24/7 for live consultations, advice or questions.

This daily service is offered only during tropical season and provides you with advanced knowledge of tropical systems that may jeopardize your safety. A must for all vessels needing to operate in the tropics!

PROFESSIONAL MARINE WEATHER FORECASTS - (Verbal / Hardcopy)

Marine forecasts can be provided verbally on the phone or can be received via fax, email or telex. Forecasts may be scheduled, requested anytime or be part of one of our frequent user packages. All forecasts provide a detailed synopsis of all the weather conditions that will impact your trip and include detailed route recommendations. Our team of professional marine meteorologists and ship routers are available anytime for forecasts, consultations and advice.

TRANSOCEANIC & POPULAR CRUISING LOCATION PACKAGES

In response to popular demand, we offer packages that combine our most common services for our most requested routes. These packages make it easy to plan and budget for our services on your next voyage anywhere in the world! Packages may include hardcopy and/or verbal forecasts depending on your preference. 3-5 day forecasts are provided with sea state, winds and even chance of precipitation for shore excursions. Please contact FleetWeather to discuss our current packages or to customize a package specific to your needs and voyage!

"MASTER OF THE SEAS" FREQUENT USER SUITES

For our best clients and frequent users we have created special packages of our most desired services which offer deep price discounts and a simple way to budget for our services. Plan ahead now and cut costs with our premier "MASTER OF THE SEAS" Frequent User Suites. Call us for more information and package details.
